About Me

Currently a third year student who enjoys coding and web designing. Fast learner, curious and creative, willing to learn more and grow.

Education

Bachelor in Computer Science and Engineering

Instituto Politécnico de Viana do Castelo, Portugal

2020 - Present

Academic Projects

Modules to Support Instituto Politécnico de Viana do Castelo's Research Centers

September 2022 - February 2023

Developed modules for the ON-IPVC platform that allow the management of research centers, scientific publications and research fellowships. These new features are used by I.P.V.C. professors and researchers.
